NEW QUESTION: 1

What is the main issue with media reuse?

- A. Data remanence
- B. Media destruction
- C. Degaussing
- D. Purging

Answer: A

Explanation:

Explanation/Reference:

The main issue with media reuse is data remanence, where residual information still resides on a media that has been erased. Degaussing, purging and destruction are ways to handle media that contains data that is no longer needed or used.
